Tuesday 31st March y3 and 4 History

This is our last History lesson related to Blue Abyss

L.O : to present in-depth study of historical information using diagrams

Make a fact file about Jacques Cousteau's amazing underwater vehicle invention in 1959. (Y4 – how many years ago was this invented?)This was also known as a mini-submersible or a "diving saucer"

Include labelling of the vehicle (as part of your factfile) if you can. Label:

water jets/portholes/lights/arm to collect samples
