

Thursday 30th April 2020

Good Morning Oaks

Thank you to the children who sent in photographs of their non-chronological reports yesterday. You have been working hard! Later today, you should be able to see photos of your friends and their work on a new home learning gallery on the website. Keep checking the gallery because we are also planning to create a video featuring all the staff at school (even the camera-shy ones)!

Here are your activities for today (you can do them in any order).

- **Joe Wicks PE** (or another type of physical activity – go for a walk or do a Morning Mile run)
- **Reading** for 20 minutes – **THE MOST IMPORTANT!**
- **English**

I have been very impressed by the non-chronological reports about life in Ancient Greece that I have seen so far. Don't worry if you haven't finished your report yet; you can continue today and tomorrow if you need a bit more time. If you have finished, Ms Pickard has set some 'Skills' tasks for Y3 and Y4 and some revision tasks for Y5 and Y6 from their revision packs.

- **Maths**

All year groups will find today's maths tasks on the website.

- **Computing and DT**

Mrs Smithson has set the next task for the children who are learning to create a blog and she has also set a new DT task. The DT task is based on the Greek legend of the Trojan horse. I have included a copy of the legend for you to read if you don't know the story already.

Enjoy!

Miss Bamber
