

EYFS Instructions for Thursday 7th May 2020.

Good Morning! I hope you got out and enjoyed the sunshine yesterday. Don't forget to help around the house too.

Phonics: Complete a session with Mrs. Jervis.

Then complete Phase 4 activity mat 3. I have reattached the mats to the home learning if needed.

Maths: Watch Numberblocks on Cbeebies iPlayer episode "eighteen".

We have been looking at adding more. So you could:

1. Play a board game with your family using a dice
2. Build a garage of cars, or a farm, or make a boat, bus, train, or play with a dolls house and then add more cars/animals/people to your construction using the first, then, now stories.
3. Build a tower with bricks, how many can you add before it topples. Will you add one at a time? 2 at a time? 3 at a time?
4. Play the sheep game attached (board, instructions and cards attached)
5. Complete the first, then, now sheets

It's up to you what you would like to do.

Literacy: If you were going to the moon what would you take?

You could make a collection of things you would like to take and see if you could pack them in a bag. Write some labels for some of things.

You could make a list of items you would like to take. Remember when you are writing or drawing a list the things go underneath each other.

Science: See attached instructions from Mrs. Bridge

Don't forget to continue to share books and read.

Have a lovely day and enjoy the Bank holiday weekend. I have attached some ideas for VE day celebrations for tomorrow if you would like them.

Take care, have fun over the long weekend and stay safe.

Mrs. Edgeworth.
