

**Wednesday 13<sup>th</sup> May 2020**

Good Morning Oaks

I hope you are all well and working hard. Thank you for sending in some wonderful examples of your home learning. Look out for them on the home learning gallery. If you haven't tried Sumdog yet, give it a go (you should have received an email with your login details). I have received some very positive feedback. I'm glad that you are enjoying the games and what a great way to practise your mental maths!

Here are your activities for today (you can do them in any order).

**Joe Wicks PE** (or another type of physical activity)

**Reading** for 20 minutes – THE MOST IMPORTANT! (Remember, you can read a book yourself or an adult can read a book to you). I hope you all enjoyed Ms Pickard's story-time yesterday.

**English**

See Ms Pickard's tasks for today – I'm really looking forward to reading some of your Greek myths at the end of this unit. I know that some of you have been inspired by the stories you have read and already have the seeds of a great idea for your own myth.

**Maths**

See the tasks that Ms Pickard and Miss Bamber have set today. Take care Y4s – don't forget the difference between perimeter and area!

**Science**

If you have completed all of Mrs Bridge's tasks, have a look at the **e-bug** junior activities (link below) and learn about microbes. We all need to be understand the importance of good hygiene to keep ourselves and others safe at this time.

<https://e-bug.eu/menupage.html?type=hs&level=junior>

Have a good day,

Miss Bamber

.
