

Year 1 Instructions for Thursday 7th May 2020

Good Morning! I hope you all managed to get outside and enjoy the sunshine yesterday. Don't forget to help around the house too.

Phonics: Complete a session with Mrs. Jervis.

Practise reading the tricky words: water, where, who, again.

Go onto www.phonicsplay.co.uk Phase 5, finding alternative spellings for oa and play Word Sort. Remember every word has the sound oa (spelt in different ways).

Maths: Go onto BBC Teach Supermovers and choose either 2, 5 or 10 times tables to warm up to.

Complete any unfinished work first.

Then go onto www.whiterosemaths.com and look at Lesson 4 (Add more and count on within 20). Complete the attached worksheet. If confident, have a look at the Mastery worksheet too.

English: Continue with your 3 Little Pigs story. Read through what you wrote yesterday first. Remember to use your plan to help you. Think carefully about your sentences, think it, say it, write it. Capital letters/full stops/finger spaces/handwriting particularly those letters m,n,p,d,b are you forming them correctly starting from the correct place?

Science: See attached instructions from Mrs. Bridge.

Don't forget to continue to share books and read.

Have a lovely day and enjoy the Bank holiday weekend. I have attached some ideas for VE day celebrations for tomorrow if you would like them.

Take care, have fun over the long weekend and stay safe.

Mrs. Edgeworth.
