

Y3 English. Friday 8<sup>th</sup> May.

Now it is time to WRITE your set of instructions how to make the trojan horse.

These are the most important instructions which are jumbled up:

<p>Cut planks from the trees. Hollow out the inside of the horse for the soldiers to hide. Create a wooden horse. Cut wood from the tree trunks. Use axes to cut down the trees.</p>
--

Write your instructions using a clear title which begins HOW TO..

Write an introduction which begins THIS HORSE WILL..

How will you finish the sentence? This horse will end the war....trick the Trojans... discuss your ideas with parents.

Before you write out your instructions add adverbs to the bossy verbs above.

You will need to set out your instructions in time order.

Add more detail to the sentences above (including adverbs)
