

Monday 4<sup>th</sup> May Good morning y4/5/6. Today we begin our new English sequence with immersion

### IMMERSION ONE GENRE: INSTRUCTIONS **y4/5/6**

Today in English we will begin our Literacy Sequence of lessons which will lead towards a final set of instructions to trick the Trojans into defeat by the use of the famous TROJAN HORSE.

This week you will learn how the war between the Greeks and Trojans had gone on for ten years and the Greeks could not get over the incredibly tall and thick walls of Troy. To have any hope of victory, the Greeks knew that they had to get their army inside the city of Troy.

Please note before watching these 2 videos that Ulysses is the Latin form of the same name Odysseus\*

Now watch **the trojan horse for ks2 by jmyrtle 13 productions**

Next watch **legend of the trojan horse by Colleen McEntegart**

Next, go to **purple mash** topic...ancient greeks....search for **trojan horse** ..in **writing projects** complete **trojan horse your opinion** (you can drag pictures from the right hand side and use key vocabulary on the left)

Then save in menu (purple toolbar on left) and if you want to make your own new folder in oaks for ancient Greece work you can.
