

Use search engines or the videos that you watched yesterday or your History timeline work from the beginning of the half term to complete this order of events below (which will help you to write your instructions to trick the Trojans at the end of this Literacy sequence):

The Trojan War

The Trojan war was fought in which century?...1

The ten year war between Greeks and Trojans seemed like it would never end. The Greeks couldn't find a way to get past the high walls of Troy and the Trojans failed to drive the Greeks away. To have any hope of victory, the Greeks knew that they had to get their army.....2

One day Odysseus came up with an ingenious plan and gave instructions to the Greeks to trick the3..

First of all the Greeks had to cut down....4..

Then they cut the rough wood into.....5..

They used some of the wood to make a6... so that they could climb up around the horse and build up the height.

They used skilled carpenters/craftsmen to use the wood to shape it into an enormous ...7... sculpture

The Greeks had to create8... inside the horse where the soldiers could hide.

Next, go to **purple mash** topic...ancient greeks....search for **trojan horse**
..scroll down from writing projects to other and click on the **trojan horse** to create a painted textured trojan horse.

Finally find definitions from the story of The Trojan Horse below:

ingenious plan:

ruthless warriors:

suspicious of the horse:

Trojans debated about what to do with the horse:
