

Year 1 Instructions for Tuesday 19th May 2020

Good Morning! I hope you had fun yesterday. Tigger has appeared to have had lots of adventures so thank you. She is worn out today and is asleep on my bed.

Phonics: Complete a session with Mrs. Jervis on the home learning page.

www.phonicsplay.co.uk and go onto Flashcards time challenge Phase3/5a. How many can you get right in 2 minutes?

Read the following sentences:

Most dolphins like swimming in the foaming surf.

Can you use a phone with your thumbs?

A frog must memorise the alphabet.

Maths: Collect 6 lego bricks (or something similar) and set them out in a line. Now find something in your house that is longer, shorter and the same length as the bricks.

Go onto www.whiterosemaths.com home learning Week 5 Lesson 2 (Measure Length)

Watch the video and complete the worksheet.

Find 5 things in your house to measure using the same object (eg brick, cube, pencil) Which is the longest, shortest, tallest?

English: If you need to, finish Tigger's journey.

Then we are looking at skills in our writing sequence. A quick revision of adding -ing to words complete the worksheet on home learning page.

Art: We are continuing looking at LS Lowry. If you need to watch the clip on BBC Bitesize (LS Lowry in his own words) again to remind you

<https://www.bbc.co.uk/bitesize/clips/zc9jxnb>

Look at the city scene attached to the home learning page. Think about how he has drawn his buildings, people. In particular look at the colours he has used. Compare it to the Seaside painting too.

Concentrating on the city scene, try sketching some of the buildings he has drawn. Look carefully at the colours he has used. Explore the different colours you could use paints or pencil crayon. Look carefully he has not used strong colours so how do you think he might have got the effect? Experiment and see what you can come up with.

Don't forget to continue reading and sharing books with someone at home.

Have a great day

Mrs. Edgeworth
