

## Les sports

We have looked at a range of sports over the weeks. There will be some sports you enjoy and others that you don't.

In French, if they like something they say: **j'aime...**

If they don't like something they say: **Je n'aime pas...**

If they love something they say **J'adore...**

If they hate something they say **Je deteste...**

**e.g J'adore la natation, je n'aime pas le rugby et j'aime la gymnastique.**

I've attached a game you can play with someone to practice saying these phrases.

### Remember

For further practice of French names for activities, you can go to **french-games.net**

Select **section 1 – Topics** and then select **Activity**. Once you are on the activities page, select **Activity – sports**. Complete the tutorial to revise the sports then practice by playing the games. Pong is good fun... good practice for your mouse skills too!
