

**Wednesday 3<sup>rd</sup> June 2020**

**Good Morning Oaks**

I hope you have all settled back into your home learning. I really enjoyed having a break over half term (especially as the weather was so glorious) but there is something quite nice about being back in a familiar routine too.

Here are your activities for today (you can do them in any order).

- **Joe Wicks PE** (or another type of physical activity)
- **Reading** for 20 minutes – **VERY IMPORTANT!**

I have set Y3 and Y4 a reading comprehension today. Both groups have a poem to read and some questions to answer. I have included the answers. Let me know how you get on.

- **English**

It's the skills session in our writing sequence today. Ms Pickard has set some tasks to practise writing skills that will be useful when you write your own newspaper reports.

- **Maths**

All year groups will find today's maths tasks on the home learning page.

- **Science**

See Mrs Bridge's instructions.

You will all be exploring some new science topics this half term and this week you are focusing on sorting and classifying.

Enjoy the activities.

Miss Bamber
