## Art – Portraits 2

Last week we looked at self-portraits and I was very pleased with the examples I received from children at home. I wonder if you can guess who they are?

This week, I would like you to have a go at drawing half of a portrait.

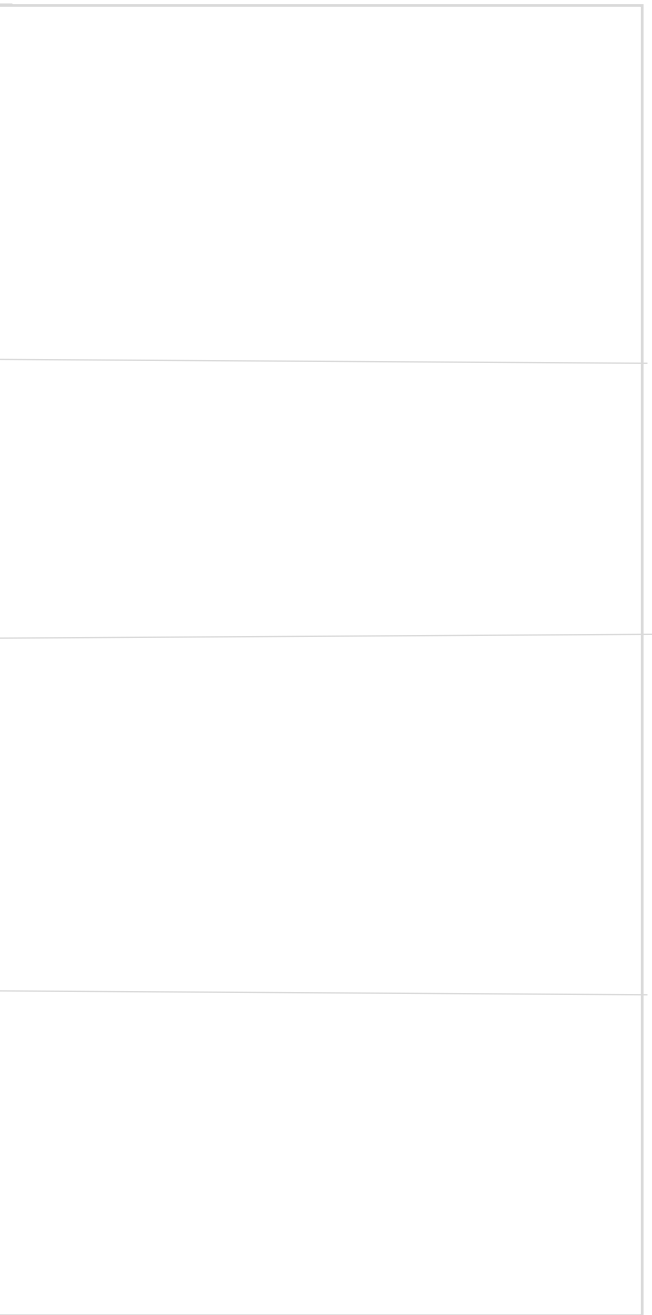

You can use one of the examples below or you can choose your own.

1. Choose a portrait – it could be a painting or a photograph.
2. Print it out and cut it in half.
3. Stick one half onto a plain piece of paper.
4. Look very carefully at the half you can see and try to draw the other half. You can use pencil, pen or colours (crayons or paint)- it might help to draw some pencil lines to help you to get the proportions right.

I hope you enjoy the task..

Mona Lisa by Leonardo Da Vinci
