

What have the Greeks done for us?

Over the past few weeks you have learned a lot about the Greeks, their lives and beliefs.

This term's task is to select one of the parts of Greek life that interests you most and create a powerpoint about it.

You will need to:

- Research and collect facts about your chosen area of Greek life.
- Build up a powerpoint or fact file if you don't have powerpoint.
- Insert images and video clips into your presentation.
- Be creative with fonts and presentation.

Week 1

Research your chosen area of Greek life and build up a collection of facts about it.

Useful sites to visit are:

- [10 facts about Ancient Greece – National Geographic Kids](#)
- [Ancient Greece – The British Museum](#)
- [Ancient Greece – DKfindout!](#)

A suggestion of things you could research or consider is on the next sheet.

ANCIENT GREECE RESEARCH

You could research one or more of:

- Daily life
- Gods and Goddesses
- Festivals and games
- Sparta
- Greek art
- Troy
- Greek clothing
- Food and drink
- Something of your choosing

Your research could include:

- When the Ancient Greeks lived
- Who the Ancient Greeks were- was there a hierarchy e.g. wealthy, servants, poor?
- What their homes were like
- What their beliefs were
- What they wore
- Whether you could tell someone's status by their clothing
- What they did for leisure
- Who was allowed to participate in leisure activities

Try to stick to ideas which are linked, rather than using little bits of information from all over the place.
