

EYFS Instructions for Friday 5th June 2020.

Good Morning! I hope you are all well and finding lots of fun things to do.

Phonics: Choose a Phase 3 or 4 session from Mrs. Jervis.

Can you name some Aliens, colour them in they could be spotty/stripy. Use the sounds to make up some names. Remember because they are aliens the words can be nonsense words. Each name will need at least 1 vowel in it. Choose 1 alien and write a sentence about it. Where could it live? What could it eat? Use your sound mat to help.

Maths:

You could:

Complete some of the worksheets attached to the home learning page.

Play a board game using a 2 dice and adding the 2 numbers. What could happen if you get a double?

Play snap or matching pairs game

Make towers, one person build a tower, the next person then doubles the number of bricks to build their tower.

Who could make the longest snake could you make one snake double the length of the other?

Make a necklace/bracelet with beads using a pattern, can someone follow your pattern?

Paint symmetrical butterflies using dots. How many dots when they are doubled?

Build a farm/garage/zoo put in some objects can someone double the amount?

Geography: Explore Osmotherley on Google maps and street view. Can you find your house? Talk about the different things you can see. Eg houses, trees, etc. Do we live in the countryside or the town? How do you know? Why not try drawing a map of your house and garden and label what you see.

Keep sharing books and reading with someone at home. Have a great day and a lovely weekend.

Mrs. Edgeworth
