

Tuesday 9th June 2020

Good Morning Oaks (from Ms. Pickard again).

Please click on the care home reply file as I have written out some excerpts from replies from the elderly people who received our letters. Please remember to send in your cheerful pictures for me to send.

Here are your activities for today (you can do them in any order).

Joe Wicks PE (or another type of physical activity – go for a walk or do a Morning Mile run)

Reading for 20 minutes – THE MOST IMPORTANT!

English

We will begin our new literacy sequence today and I think that you will enjoy the IMMERSION lesson as we study the legend of ICARUS AND DAEDALUS leading towards writing a letter full of emotion.

Maths

Year 5 and 6 will be continuing with their fraction focus today. Some of the multi-step questions for y6 were quite tricky yesterday. Keep revisiting the videos on White Rose Maths website if it helps.

History

Today we will be learning about the hierarchy of ancient Greece (which class of people were seen to be more important than others).
