

Key Stage 2 Geography for Monday 15th June 2020.

You are continuing to develop your tourist brochure. Make sure you have completed your map first. (See last week's task). Things you need to think about for your brochure

Why Crete? How will they get there? What can they visit? In particular focusing on the Palace of Knossos. Where will they stay? What can they do while they are in Crete?

Task 2:

You need to find out about the geography of Crete to write your opening statement for your tourist brochure.

Think about why tourists should come to Crete, what features would they like? E.g beaches? Why Crete? What physical/human features does Crete have to make it attractive for tourists? How easy is it to get to Crete? You will need pictures at the beginning of your brochure to show the beauty of Crete and a descriptive paragraph about Crete. Look at the following websites for ideas to help you. Look at their opening paragraphs and videos for ideas.

<http://www.explorecrete.com>

<https://www.discovergreece.com/crete#gallery-city-video>

http://www.visitgreece.gr/en/greek_islands/crete/explore_crete

Remember you are trying to convince people to visit Crete and the Palace of Knossos so think about the emotive and persuasive language you need to use.

Music: Go onto www.charanga.com and complete some of the tasks. The revisit section looks at the dimensions of music and help develop your understanding of pulse/rhythm/tempo/dynamics/structure of music.

Hope you are all well.
Mrs. Edgeworth.
