

Oaks Geography Monday 22nd June 2020

Continue designing your tourist brochure.

You need to think about how people are going to travel there and where they are going to stay.

Task 3

You need to design a hotel advert. Where is your hotel going to be? What is your hotel going to offer. You need to think about what things your hotel needs for a family. Your hotel needs to be considerate to the local environment. How are you going to make sure that you are not damaging the local environment but working alongside it?

You will need a picture of your hotel, a price, and what amenities does it have? What makes it environmentally friendly? It's your hotel so it's up to you.
