

**Thursday 25<sup>th</sup> June 2020**

*Good Morning Oaks*

*I hope you enjoyed your science activities yesterday. It was a perfect day for learning outdoors.*

*Today you have a new DT project to start for Mrs Smithson and you are going to be practising speaking in French. Have fun!*

*Here are your activities for today.*

**Joe Wicks PE** (Don't forget to send in your scores for the tennis and athletics festivals as soon as you have recorded them.)

**Reading** for 20 minutes – I have posted this week's edition of the Picture News newspaper for you to read. I have also posted the Picture News poster and assembly resource so that you can hold your own family Picture News assembly. It is an interesting question this week. I would like to hear your views if you would like to write them down and send them in.

### **English**

In English today, you will be listening to poems to inspire you and give you lots of ideas for when you write your own poems.

### **Maths**

See the maths tasks for today set by Ms Pickard and Miss Bamber.

### **DT and French**

See the instructions for the French and DT activities from Mrs Smithson.

Have a great day and enjoy your learning.

*Miss Bamber*
