

Morning y4

Today is all about creating questions about Greek soldiers and army life and then answering those questions by using a search engine.

First of all I am going to ask some questions which I would like you to find the answers to.

On an Ancient Greek soldier's uniform

What is the xiphos?

What is a doru?

What is linothrax?

Now go to **purple mash**

**Topics...Ancient Greece... scroll down to activities and Greek soldier labelling.**

Use your recent searches to help you and have a guess at the others.

How did you do? Do you need to search up the other items and try again?

Now write down at least four questions about Greek soldiers/army life that you would like to know the answers to.

Remember punctuation here: capitals and question marks. Now find the answers by using a search engine.

Remember to put ...for kids at the end of your search prompt.

Write the answers. Remember clear capitals and full stops for your statement answers.
