

Monday 28<sup>th</sup> June Hello year four

Today, we are going to focus on the Christian belief that God especially wants to save people who have **strayed** from God/Jesus and have not been following the **Christian path** (not loving others/forgiving others).

People who are not on the Christian path (not following the teachings of Jesus) are often described as **“lost”** by Christians.

Watch **beginners bible curriculum lesson 23: Jesus rescues the lost by Zondervan**

Then watch **The lost is found chapters 5 and 8 by living scriptures**

At the end of this video **Jesus says, “There is more joy in heaven for the one who repents than the 99 who need no repentance”**

Remember that when someone repents they are really, really sorry for what they have done and regret what they have done.

Give thoughtful responses (your feelings and opinions and thoughts) to someone saying this:

**“It’s not fair. I have been good every single day of my life but Jesus cares more about people who have done lots of bad things and then suddenly decide to change their ways and follow God than he does about ME!”**
