

## **Year 2 Instructions for Friday 12<sup>th</sup> June 2020**

Good Morning! I hope you have all had a good week, thank you for working so hard and have a good weekend. Hopefully the sun will shine.

**Spelling:** We are continuing to look at homophones. Complete any unfinished work from this week first and then try this game, looking at homophones from BBC Bitesize.

<https://www.bbc.co.uk/games/embed/small-town-superheroes?exitGameUrl=https%3A%2F%2Fbbc.co.uk%2Fbitesize%2Farticles%2Fzncgk7>

**Maths:** I have set some challenges on [www.sumdog.com](http://www.sumdog.com) have a go and see how you get on.

Complete any unfinished work first, then try the problem solving and reasoning problems on the sheet attached. Cut the question out and stick into your book and try to answer them. Choose 3 questions you would like to answer.

**English: IMMERSION:** Watch the following clip from the Disney film UP.

<https://www.youtube.com/watch?v=LBqE6KdqJ20>

In the middle of your page draw a house flying with balloons (not too big as you need to write round it). If your house could go anywhere, where would you go? Think of lots of different places you would like to visit and write them neatly around your house. It could be anyway in the world. See if you can think of at least 6 places you would like to go to, more would be fantastic. For example the Amazon Rainforest, the pyramids in Egypt, on safari in Kenya, it's up to you.

**Geography:** Think about your route to school, what you pass on the way. Draw a map showing your route to school, make sure you draw on the different things you pass. Remember when you are drawing a map it's a bird's eye view so you look at buildings from above. Make a key to show what the different things are.

Remember to go outside and have fun  
Read and share books with someone at home.  
Have a great weekend.

Mrs. Edgeworth
