

Friday 3rd July

KS2 Art

This week, I would like you to create a portrait in the style of your choice.

- a self-portrait or a portrait of someone else
- head and shoulders or a whole body.
- background - plain, patterned or a view.
- any media (pencil, ink, pastel, paint, collage) or a combination of different media.
- colourful or monochrome.
- any style that we have looked at (or you can create your own style).

If you need some help to get started, you could try one of these ideas:

- print out a photograph and draw, paint or collage onto it
- draw a portrait (or photocopy one you have already drawn or use a photograph from a magazine), cut it into pieces and then rearrange the pieces and glue them down to create an abstract portrait.
- research portraits by famous artists (like Vincent Van Gogh, Frida Kahlo, Henri Matisse) and copy one that appeals to you.

Enjoy!

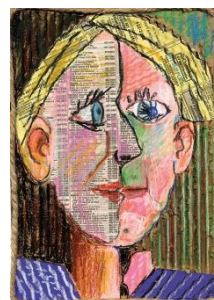

Henri Matisse

Vincent Van Gogh

Frida Kahlo
