

Wednesday 1st July

Complete your poetry genre by ensuring that you have edited your poem to create the best result possible.

Watch [Michael Rosen's top tips for performing poems and stories](#).

Now practice making the most of your poem when reading it out by using emphasis/tone/speed etc.

Either perform to your family and/or perform and record via video or soundfile to send to school.

You could even write a very short extra poem on a Greek theme today purely for performance value!
