

Thursday 9th July

This is our final DT and French session of the term. I look forward to seeing you all in September and practicing everything you have learned. Next week is a time to catch up on things you haven't completed, practice your French, design your own computer programme... can you remember Scratch?. Maybe you could think of your own design technology project for the summer holidays and tell me all about it in September?

This week you are going to make the Greek God accessory you planned. Those who are back at school have planned a wide range of items to make from Orpheus' lyre to Zeus' thunderbolt. I wonder what you chose?

French

Use the list of words below to play a game of bingo.

On a scrap sheet of paper, divide it into 6 sections and write down six of the sports in English.

Cut out the French sport names and place them in a bag.

Get someone to pick out the sport cards one at a time from the bag. If you have the sport on your sheet in English, you can put a line through it.

The first person to score out all of their English sports wins.

Snooker, volleyball, table tennis, basketball, badminton, rugby, golf, football, tennis, hockey, roller skating, skating, athletics, gymnastics, cycling, sailing, swimming, judo, horse riding, skiing, dancing

Le snooker	Le volley (ball)	Le ping-pong
