

Hey years 3, 4 and 5

Ssssh! We have to be a bit secretive here. If you are in school, try not to let y6 see over your shoulder!

We are just pausing from our BATTLE OF MARATHON focus to write our memories of y6 pupils.

Can you write a memory of each pupil? Or just one year six pupil?

You need to include things like

I will always remember the time when he/she....

The things I will miss about....

I hope in his/her next school he/ she...

It's always fun to remember a comical moment but also try and add a memory when the y6 leaver has really shown their good qualities (maybe to you personally). If the y6 leaver has helped you in any way while you have been in school or inspires you in some way, these would be lovely things to include.

You can send written memories to me or create a soundfile or a video reading them out. I will show them to the y6 and make sure that they know who they are from but would also like to share them online with just your initials rather than name. So let me know if you really don't want them to go online.

Thank you.

Ms.Pickard
